

Jayhawk Marina Fishing Guidelines

Only registered guests will be authorized to fish at your slip in your absence – during open hours only. Slip tenants may call (913-557-9900) or stop by the marina to register up to 5 guests authorized to fish at their slip during open store hours. Tenants may add/remove names from their guest list at any time.

A guest logbook is located at the checkout counter in the marina and guests must check-in upon arrival. The guest will receive an identification badge/lanyard which must be visible at all times.

Upon departure, lanyards must be returned to the marina. If a guest fails to return a lanyard by marina closing time, a fee of \$7.50 will automatically be charged to the slip tenant's account and guest privileges may be revoked for that guest.

Guests are not permitted to fish at unauthorized slips or dock locations. During closed hours, only slip tenants and their immediate family are authorized to enter the marina property. Immediate family consists of parents, spouse & children. All other family and friends will be considered guests. For the safety of all tenants and marina property, please do not give your guests the gate code.

Please tag all fish baskets with slip tenant name and slip number. Tags are available at the marina if needed (place the tag on the basket rope). Each slip is authorized to have one fish basket per person. Untagged baskets may be removed.

Please do not leave fish in your basket over 36 hours. A cleaning station is located in the fishing dock during open hours for your convenience.

Slip tenants may fish at other slips if they have permission from the slip owner. Please respect your neighbor's space and property.

Please fish legally. Marina staff and/or slip tenants may contact KDWP or the game warden if illegal activity is observed.

It is the responsibility of each slip tenant to inform their guests and family members of the marina's fishing guidelines.

**** Please practice catch & release ****

**** Please DO NOT DUMP MINNOWS & BAIT into the lake ****
