Shrink Wrapping Services

Please SHRINK WRAP my Boat / PWC. _____ Ft. x \$13.00 per ft. Any boat that is wrapped on the lift will be assessed an additional \$5.00 per ft. on top of the normal shrink wrap rate. Boat will be wrapped below the tower or top unless otherwise ordered.

Please SHRINK WRAP my tower. Additional fee up to \$45.00.

The integrity of shrink wrap is not guaranteed in winds over 50 mph and is only designed to last one season. Any boat that shrink wrap is compromised will be removed completely to prevent any damage to surrounding boats and will only be re-wrapped at owner's expense.

Please note any "Special Instructions" pertaining to your WINTERIZATION needs:

Battery Maintenance & Shore Power

We will not be responsible for dead or low batteries in the spring.

Boats remaining at the marina and on the lift will have their batteries left as follows unless otherwise noted: Boats with battery switches will be left in the off-position with the battery still connected. Boats with no battery switch will have the negative cable disconnected.

Boats not in slips will have their negative battery cable disconnected. PWC will have their negative battery cable disconnected.

Unless we have special instructions, after winterizing we will leave all shore power cords as we found them.

Fuel Storage & Holding Tanks

All holding tanks must be emptied before bringing boat in for winterization. We recommend that your boat's gas tank be at least 80% with fuel.

Terms ___ Cash ___ Check ___ Credit Card ___ JM Account (tenant charge account must be set up and current)
